In supersession of Government Notifications No. 46-M, dated 13th October 1897 and No. M-99 and No. 100-A, dated 9th December 1897, the following rules for the grant of Exploring and Prospecting Licenses and Mining Leases in the Mysore State are hereby notified.

**Rules for the Grant of Exploring and Prospecting Licenses and Mining Leases in the State of Mysore.**

**I.—EXPLORING LICENSES.**

1. A license to explore for minerals within the State of Mysore, hereinafter called an Exploring License, may be obtained on application to the Secretary to Government in the Geological Department, by whom every License granted shall be signed on behalf of the Government.

2. Each application shall be accompanied by a fee of Rs. 10 and shall contain a description of the area to be covered by the License. Government may refuse to grant any License, in which event the fee shall be returned to the applicant, or may at their discretion limit the area to which the license shall apply or specifically exclude any mineral from the License.

3. Such license shall not authorize the Licensee to mine or quarry, but he may turn up the surface of the land to such depth and subject to such conditions as the Deputy Commissioner may direct.

4. No private or occupied lands and no lands over which exclusive mineral rights have been granted to others may be entered upon or explored without the consent of the owner, occupier or possessor thereof.

5. Every License shall be in Form No. 1 hereto appended and shall run for one year. Such License shall confer no exclusive or preferential rights, but in considering rival claims for a prospecting license or mining lease, due regard will be had to operations conducted under cover of an Exploring License.

6. The Licensee shall be at liberty, subject to such restrictions as Government may from time to time impose, to remove any specimens or samples found in or upon the land to which the License applies.

**II. PROSPECTING LICENSES.**

7. Applications for Licenses to prospect for minerals within the territories of Mysore shall be made to the Secretary to Government in the Geological Department in Form No. 2 hereto appended.

8. Each application shall be in respect of a specified block of land which shall be, as far as possible, in the shape of a rectangle of which the length must not under ordinary circumstances exceed twice the breadth.

9. The Government reserve to themselves the power of refusing to grant a prospecting license in respect of any block without assigning a reason or to impose such special terms as they may in their absolute discretion think desirable.

10. Every prospecting License granted under these Rules will be in form No. 3 appended hereto and will be valid for one year, but the Government may at their discretion renew any license from year to year, on payment in advance, of an annual rent which may be determined upon separately for each period of renewal.

11. The fees ordinarily payable in respect of each license shall be :—

(a) A deposit of not less than Rs. 100 or such larger sum as the Government may determine according to the area and character of the land included in the block licensed. This deposit shall be held as security for the due fulfilment of the terms of the license and subject to any deductions in this respect, will be returned to the licensee on termination of the license.

(b) A rent of Rs. 50 for each square mile, or portion of a square mile, of area included in the block.

12. Each application must be accompanied by :—

(a) A sheet or extract of the Topographical Survey Map of Mysore (scale 1 inch to a mile) upon which the boundaries of the block for which a license is required have been clearly marked.

(b) A schedule giving the names of the villages included (either wholly or partly) in the block together with the Taluk and District in which they are situated and stating the area of the block in square miles.

(c) A deposit of Rs. 100 which must be remitted either as a Government Treasury Receipt or as a crossed cheque on the Bangalore Branch of the Madras Bank to the order of the Secretary to Government in the Geological Department.

13. On receipt of any application, Government will, if they decide to grant a license, inform the applicant of the amount of the fees payable therefor and of any special terms which

they may consider desirable to impose. Within such time as may be fixed by Government in each case the applicant shall pay the amount of the fees specified and signify his willingness to abide by any special terms that may be imposed and shall point out the boundaries of the selected block to an officer deputed for that purpose. On completion of the survey and demarcation of the block, two forms of the license and a bill for the survey and demarcation expenses will be sent to the applicant, who shall, within a fortnight from the date of receiving such communication, tender the license in duplicate signed by himself for the signature of the Secretary to Government in the Geological Department, paying at the same time the cost of the survey and demarcation.

14. Until the license is signed by the Secretary to Government in the Geological Department, the applicant shall not be entitled to exercise any of the privileges of a licensee.

15. The licensee will be entitled to select for mining purposes, any time during the currency of his license, a block of land, not exceeding one square mile in area and not more than one mile from end to end in any direction, within the area specified in his license. When such selection has been made, the licensee shall be entitled, under and subject to the Rules for mining leases contained in paras 18 to 29 of this Notification, to obtain a Mining Lease of the selected block.

16. If the applicant shall neglect to carry out any of the preceding provisions, his application shall be cancelled and he shall not be entitled to a refund of the sum of Rs. 100 deposited with the application.

17. If the license is refused under Rule 9 or if the applicant, within a fortnight of being informed of any special conditions under Rule 9, declines to accept them, the said sum of Rs. 100 will be refunded to him.

### III. MINING LEASES.

18. Applications for Mining Leases within the territories of Mysore shall be made to the Secretary to the Government in the Geological Department in Form No. 4 appended hereto.

19. Each application shall be in respect of a specified block of land not exceeding one square mile in area and not more than one mile from end to end in any direction; the block shall be as far as possible in the shape of a rectangle of which the length must not under ordinary circumstances exceed twice the breadth.

20. Every mining lease, granted under these Rules, will be for a period not exceeding thirty years and will be in Form No. 5 appended hereto.

21. The applicant for a mining lease must satisfy the Government that he will be able to raise within two years the sum of £10,000 sterling for the purpose of carrying on mining operations in the block of land applied for, and a statement as to the manner in which he proposes to raise this sum must accompany the application.

22. Each application must be accompanied by—

(a) A deposit of Rs. 1,000 as security for the due fulfilment of the terms of the lease which must be remitted as a Government Treasury Receipt or as a crossed cheque on the Bangalore Branch of the Madras Bank to the order of the Secretary to Government in the Geological Department.

(b) A sheet or extract of the Topographical Survey Map of Mysore (scale 1 inch to a mile) upon which the boundaries of the block applied for have been clearly marked.

(c) A schedule giving the names of the villages to which the lands comprised within the block belong, with the Taluk and District in which each is situated.

23. The applicant must point out to an officer deputed for the purpose by the Secretary to Government in the Geological Department the boundaries of the block of land applied for within a fortnight of the date on which he may receive an intimation to that effect, and the officer so deputed shall thereupon survey the block and erect such boundary marks as may be requisite.

24. After the completion of the survey and all necessary enquiries two forms of the lease to be executed and a bill for the survey and demarcation expenses will be sent to the applicant, who shall, within a month of receiving such communication, tender for execution by the Dewan of Mysore, the lease in duplicate executed by himself and duly stamped, paying at the same time the cost of the survey and demarcation.

25. Failure to comply with the preceding rules will involve cancellation of the application and forfeiture of the sum deposited with it.

26. The applicant's title to the land applied for will not be complete until the lease is actually executed by the Dewan.

27. The lease shall, after execution, be registered under the law for the time being in force for the registration of assurances, and the duplicate copy thereof shall be deposited with the Mysore Government.

28. (i) Every holder of a prospecting license is entitled as of right to a mining lease of one block of land under and subject to the provisions of the preceding rules, and the special terms (if any) imposed by the license.

(a) to grant a lease to the applicant under the preceding rules,

- or (b) to impose such special terms as they may in their absolute discretion think desirable,  
or (c) to reject the application without assigning a reason.

29. The Government reserve to themselves the right to invite tenders for the purchase of mining leases for any land other than a block selected under a prospecting license without binding themselves to accept any or the highest tender.

#### IV. GENERAL.

30. As an ordinary rule, not more than one application for a prospecting license or mining lease will be entertained from the same person; but in special cases, two or more applications from the same applicant may be taken into consideration; if there are no other eligible applicants and no other objection exists, and the Government are satisfied that the application is made for the purpose of *bona-fide* work and not for the purpose of mere speculation in mining land.
